Edward P. Miller and Chas. Stevens of this place were driving out Emmitsburg road on Monday and on the west side of road near the old Wible farm they saw a deer. They made a noise but the deer paid no attention and it was not until the men got out of their conveyance and mounted the fence with their alarms that the deer took to its heels on way towards mountain.

BAND CONCERT TO-NIGHT

THE PLAY "SNOWBALL" TO BE GIVEN FOR BENEFIT OF BAND

Preparations Going on for the Band Fair and Festival In April.

The Band will give but one concert in March and that will take place in the Court House this evening, Wednesday March 20. No season tickets have been sold as in preceding months because of the fact that but one concert will be given in the month. The admission will be the usual one of 15 cents.

Attractions.

The Band has several new selections ready for the occasion and they are said to be fine. Miss Elaine Ingersoll will sing a solo. Her singing at a previous concert so delighted those who heard her that many of the town people who did not attend that concert will be on hand at this evening's concert. Mr. Hausknecht will accompany on the violin. Misses Ruth and Lou Willis will sing a duet accompanied by Mr. Hausknecht on violin. The talents of these ladies are well known here and their singing will be an attractive feature of the program. The College Orchestra will have a part in the entertainment.

Band Fair and Festival.

Members of the band are already active in the work for the Fair and Festival in April. They are distributing cards this week throughout the town asking for contributions of any kind, anything for lunch table, fancy table or for extra and attractive booths at a fair. Any ideas or suggestions will be most welcome as well as assistance in carrying the Fair through to a successful termination.

The band is something that appeals to every citizen for support. A band is a good business proposition for every town, it encourages a town spirit. Nearly every one loves music and specially band music and a good band is responsive to this side of human nature. A band appeals to and cultivates what is best in a community, specially the growing part of it. The Citizens' band is composed of men, the majority married men engaged in business. They take time from their work to go night after night to the practice room in order to be able to give entertainments and that the town may have a band. No member of the band has profited so much as a cent for the time and work given to the band. The concerts have only furnished enough means to pay the leader and expenses of new music. It has never been the purpose to develop a mere money making band but one of mutual benefit to the town, and the contribution of time and labor of the members to the perfection of a band to entertain our people with good music on one hand will be more than supplemented on the other by the willing contributions of the citizens to make a successful fair for the uniforming of band.

Snow Ball.

The High School Alumni Association will repeat Snow Ball on Friday evening, April 5th, in Xavier Hall, for the benefit of the band. This play is said to have been one of the best ever given by home talent. The band will give a concert along with the entertainment, band music before and after the play and between the acts and with special musical attractions added. As the play was a short one it is hoped with the concert to give an evening's entertainment both unique and delightful.

Engine House on Fire.

A fire alarm at 1 o'clock in the morning of last Wednesday awakened the town to find the engine house of the Western Maryland in flames. Railroad men have been using the building for their purposes and in one corner had a stove and for light had their lanterns. A lamp exploded scattering the burning oil in every direction and in a short time the wood work of the building was blazing. The fire burnt the wooden doors at east end of building and part of roof. The Fire Department cut out the engine as far as the St. James Lutheran church but it was not touched to put out the steam of water from the plug under the gravity press so soon had the under control. The damage amounted to several hundred dollars. The building has been abandoned as an engine house and the turn-table to the east of the building removed. The result of the fire will likely be the removal of the building and the space given up to the much needed yard room.

Gettysburg in Baseball League.

A baseball league for York and Adams counties was organized in Hanover last Saturday afternoon, J. A. Holtzworth and D. A. Rupp were the representatives from this place and met at Central Hotel at Hanover with E. A. Starr of Littlestown, C. F. Smith of McSherrytown and J. A. Sheely, C. A. Wert and M. W. Nail of Hanover. Mr. Holtzworth was chosen temporary chairman and Mr. Nail, Secretary.

When the chairman asked for an expression of opinion it was found that every town represented was enthusiastically in favor of the League. It was concluded to organize the York-Adams Baseball League and following permanent officers were elected: President, C. F. Smith of McSherrytown, M. W. Nail of Hanover Secretary, and D. A. Rupp, Gettysburg Treasurer.

A motion carried that each club would only be allowed to import two players to fill any positions the other players being restricted to the towns or their immediate vicinity. This rule it is hoped will keep out professionalism and create local pride.

A constitution and rules will be drawn up and submitted to the associations of the four places for approval. The League season will consist of 15 weeks, opening May 30th and closing the week of September 9th. Each team will play two games a week, the one at home and the other abroad. All local lovers of the national game will thus have opportunities galore to display their interest in the game and as this section has developed players with a national reputation some very good ball playing should be seen this season.

MARRIAGES.

Orwig—Shafer.

On March 5th, at eleven o'clock, a. m., Charles F. Orwig of York, and Miss Mary E. Shafer, who resides about two miles east of Table Rock, were united in marriage by Rev. C. W. Christman. The marriage was celebrated at the home of the bride's parents in the presence of a number of invited guests. The bride's maid was Miss Herring of Gettysburg, long-time friend of the bride. Charles Yeagey was best man. Immediately after the ceremony, all shared in a sumptuous dinner.

The bride, who is the daughter of Jesse and Eliza Shafer, is an estimable and popular young lady. Mr. Orwig is employed as a machinist in the city of York, and is a young man of sterling worth. The young couple have the best wishes of a host of friends.

Letter to P. M. Bruner.

Gettysburg, Pa.

Dear Sir: They won't fool him any more with paste paint; they'll try something else!

Editor Saulesbury, Dover, Delaware, having used 35 gallons paste paint on his house, bought 35 gallons Devco for it. He had enough left for a new stable 20 by 20 and fence, and returned four gallons.

Paste paint has as many tricks as a bunco-steerer.

Yours truly

F. W. DEVCO & CO.

New Use for Hammers' Hall.

Hammers' Hall will be converted into a department store or a mill. Several large department stores have made Mr. Hammers the following offer: He will convert the hall into a store. They will furnish all the goods on a commission. Mr. Hammers tanks a steam chopping mill will be of more use to the community. In dry seasons he could furnish the farmers with cheap and other feeds, and a large city steam mill has offered to turn on commission the best grade of flour and bran, delivered to Seven Stars Station. So he thinks the mill would be of the most service to the community in connection with his store.

Pensions Under New Law.

The Pension Department has begun to grant pensions and make adjustments of pensions under the new law of this year, giving \$20 to soldiers over 75 years, \$15 to those over 70 years and \$12 to those over 65 years. No pensions have come to Adams county citizens of \$20 and \$15, but the following have been granted the \$12 rate: Calvin Hamilton, Gettysburg; James Shilt, Littlestown; William Ladv, Gettysburg; James A. Lawrence, Irish-town; Wm. H. Black, Flora Dale and Jacob Kitzmiller, Gettysburg.

APPEAL IN EYLER CASE

HEARD IN SUPREME COURT ON MONDAY.

The Chances of the Prisoner Seem Very Slim for any Reversal of Court Below.

The appeal of William Eyer to the Supreme Court was heard on Monday in Philadelphia. Wm. Hersh, Esq., appeared for the defendant and J. D. Keith, District Attorney and W. C. Sheely, Esq., for the Commonwealth. The prisoner's inability to pay for the printing of the record had caused the District Attorney, with the consent of the Court, to have the record printed. It made a very large volume of 665 pages. In addition part of the case of the prisoner was presented in typewritten form and part in a printed argument and with the printed argument of the Commonwealth a very voluminous case was presented.

The case of the prisoner as presented by Wm. Hersh covered three points, alleged errors in the admission of testimony, in the charge of the Court and in the Court's answers to points. At the close of his argument the Supreme Court announced that if they desired to hear from the Commonwealth they would send for Messrs. Keith and Sheely at a later date. This incident is believed to be indicative of the conclusion that there is little chance for the prisoner in the appellate Court, that if that Court had believed there had been any error in the trial of the case they would have heard the argument of the attorneys representing the Commonwealth.

An early decision may be looked for. In the event of the lower court being sustained, as above indicated, in all probability the case will go to the Board of Pardons.

Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Foodstuffs and substances are then absorbed into the blood. Keep the bowels open with Ayer's Pilis.

Queen Quality

Shoes For Easter

IN matters of dress it is instinctive in woman to demand variety and newness. That the "Queen Quality" makers have caught the secret of appealing to this feminine instinct the tremendous and constantly increasing popularity of the "Queen Quality" Shoe most certainly proves.

It is only because of their tremendous sale, the largest in the world—10,000 pairs daily—that high grade shoes such as "Queen Quality" are made possible at the prices \$3.00 & \$3.50.

Equally good shoes produced in a small way cannot possibly be sold at these prices.

It will give us pleasure to show you our assortment of this beautiful perfect fitting footwear.

GUARANTEED REMEDY FOR INDIGESTION.

Interesting Statement by The People's Drug Store.

When a man comes into this store and calls for any particular indigestion remedy, we always give him what he asks for, but in case he leaves it to us we usually recommend Pepsikola tablets.

Here is a preparation we have been selling right over the counter for years, and from actual observation we know it must do good, and really does cure indigestion and dyspepsia or there would be a steady stream of people coming back for their money, as every 25 cent box is sold with the understanding that you must be decidedly benefited or there is nothing to pay.

You simply try Pepsikola tablets with the understanding that they will steady your nerves, improve your appetite, relieve wind belching, coated tongue, sour stomach, fullness after eating, weakened energy, and other symptoms of indigestion or The People's Drug Store are ready at any time to pay back your money without the least argument.

THE NEWS—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure—and has been for 20 years. The National Law now requires that if any poisons enter into, it must be printed on the label or package. For this reason mothers and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop's package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. A SONG, NOT A SERMON.

But It Points a Moral From a Very Ordinary Incident.

It was a merry occasion. The full moon was out and bright. It was in a bar-room, the place, Washington.

Inspiring bold John Barleycorn, What dangers there must make us scorn!

Well, I mean we fear not death; We'll use him well, we'll face the death!

And so one of this party invited seven companions to join him in a drink of "red hicker," and they sat—

Bonking at the nappy, And so they had an' own happy.

The man plunked down a dollar, crisp and fresh from the treasury. The account was squared; the score was paid. He was a family man and walked across the street to a meat stand and ordered two pounds of round steak. The grocer supplied him and asked 30 cents for the price. "What?" the man roared. "What! Fifteen cents a pound for round steak? It is a highway robbery!"

And so we go through life prodigal in buying luxury and miserly in buying necessity. That man had no conception of his illogical action—spending a dollar for liquor that he and his comrades would have been the better without and kicking a hole in the ceiling on account of a purchase of beef to the charge of 30 cents that he could ill do without. Man can live without booze, but the man has yet to be invented who can get along without food.

This is no sermon. This newspaper never preaches. What we intended to say and all we intended to say was to call attention to the truth.

All the world's a stage And all the men and women merely players.

The very best of us have need of the charity of our brothers and sisters.—Washington Post.

GOOD COLLATERAL.

The Way Tom Fitch of Nevada Used to "Raise the Wind."

Tom Fitch of Nevada was a bright fellow and one of the best writers and stump speakers of the west, but he was thrifless and when he got hard up would resort to almost any means to get a stake.

One day he wrote a scathing speech denouncing Sharon, then president of the Bank of California and afterward United States senator from Nevada. In it he charged Sharon with almost every crime known to the Decalogue or the statutes. He put the manuscript in a large envelope and walked into the Bank of California.

"Here," he said to the cashier, handing the package through the window—"here are some securities which I offer as collateral on a loan. Please hand them to Mr. Sharon in person, and I will wait for his answer."

Mr. Sharon was in his private office. Breaking the seal of the envelope, he found the speech and read it through, together with a note from Fitch, informing him that unless he was paid \$5,000 he would deliver that speech in every town in the state. In a few minutes the cashier, on Mr. Sharon's order, reported that the collateral was all right and paid the happy Fitch the desired amount.

Three months afterward, having gone through the money in speculation and dissipation, Mr. Fitch made his appearance with another speech, this time of a very complimentary character, which he promised to deliver at every convenient opportunity for the same amount. This, too, proved good collateral, and the story would never have come to light if Fitch had not, in a moment of drunken frankness, told it himself.

He Was Willing.

A good, kind man unfortunately married a shrewish wife, and the woman changed his nature. One morning after his wife had called him a good for nothing loafer and snatched his breakfast away he started off, hungry and sore for work. A sour looking woman entered the car he was on. She got into a violent dispute with the conductor over her change. Finally, red with rage, she looked about her and said, "Is there a gentleman in this car who will stand by and see a lady insulted?" The hungry man whose nature had been spoiled rose eagerly. "Yes, madam," he said; "I will."

The Nature of Love.

Love is the river of life in this world. Think not that you know it who stand at the little tinkling rill the first small fountain. Not until you have gone through the rocky gorges and not best the stream; not until you have gone through the meadow, and the stream has widened and deepened until fleets could ride upon its bosom; not until beyond the meadow you have come to the unfathomable ocean and poured your treasures into its depths, not until then can you know what love is.—Henry Ward Beecher

Takes No Chances.

"Remember," said the kind elderly gentleman, "that you may be president of the United States." "Yes," answered the boy whose father is connected with the race track, "but look at the population of this country. I've only got one chance in millions. I ain't playing any long shots like that." Washington Star.

It Depends.

Pollette (recently married)—A man is called a "Benedict" when he is married. What is a girl called under the same circumstances? Anna (also recently married)—Well, it depends altogether on what she marries!—Life.

We love in others what we lack in ourselves and would be everything but what we are.—Stoddard.

Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this horrible disease. Those and like granular, In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made, a perfect, dependable prescription. Without that last ingredient, I successfully treated many cases of Rheumatism; but now, at last, I can cure all curable cases of this horrid, maddening disease. Those and like granular, water, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

You will find electrically welded hoops on ice cream freezers and washing machines, on many jobs and bus.

"PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD THAT HELD."

MR. FARMER: LISTEN, NOW. Every agent handling "PITTSBURGH PERFECT" fences is authorized to guarantee this:

That the wires are not injured at the joints.
That the fence is perfectly adjustable to uneven ground.
That the stays will not separate from the strands.
That the fence is all right in every particular.

Could you ask any more definite protection? Your complete satisfaction is absolutely assured.

J. H. COLLIFLOWER, 19-21 Baito. Street.

Hardware and Harness

Science has developed something infinitely better than the old-style wrap or clamp.

"PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY.

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

A WRAP holds mol. ure, cracks the galv. ring and flows the water to attack the bare wire. A small hole in the galv. ring is sufficient to start rust. "PITTSBURGH PERFECT" RE-PROCESSES THE PROTECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINT, ensuring the joint.

STAYS CANNOT CLIP. They are always just where they were put. Stay and strand wires become one piece with the union made by the electric weld.

Every Rod is Guaranteed Perfect.

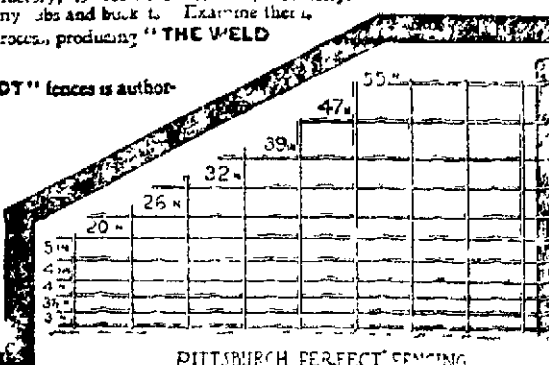

Don't allow your eyes to be deceived by the rapidly declining and now antiquated methods you have heretofore known, to warp your good judgment.

"PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded product.

If your wagon was made in a large factory, it is welded by electricity.

Examine that is.

.... THE LEADERS

Anniversary Talk

Having just closed, (Feb. 5th) another year's business, the 22nd year, with an increase of sales over any previous year, reaching a goal we had long hoped for, we go at it again with renewed energy, and set a higher mark for this year.

We have just completed the re-arrangement of stocks, hinted at in our January sales advertisement, which not only facilitates the handling and selling of those stocks, but gives more daylight and greater satisfaction to the buying of them. This is especially the case in the Wool Dress Goods and Silk Departments, which have been moved to the very front of the store near the door, with counters and fixtures devoted to each separately.

Wash Dress Goods of every character, including White Goods, now have the former Wool Dress Goods section, devoting the best of counter space to their showing.

Every day is an opening Day, for some new arrivals in some line.

Wool Dress Goods

Probably not for years has the variety to choose from been so great in the markets of the world as now. Variety in colorings, in weaves, in novelty color combinations, &c. Months ago we made our selections from some of the greatest import lines, as also the very best mills in this country, of our knowledge. The results of our time and efforts are now in stock, giving larger choice, in either plain or fancy colorings, than we ever gave before.

Suitings at moderate prices in great variety.

The New Dress Goods Section with plenty of light is a positive delight.

The Newest of Dress Trimmings hard by in location and at less price than the usual of most stores.

Dress Silks

Have you heard about the advance in prices of Dress Silks? No doubt you have, but you will not notice it in our stock. Contracts we made last fall have it "stayed off" for a time with us. While these contracts were large, and were expected to last the season with us, our silk sales, in February, have already eaten into lines we expected to last until May.

Special Black and Colored yard wide Taffetas at \$1.00, \$1.25 and \$1.50.

Special Fancy Silks, 36 and 27 in. wide 75c. \$1, \$1.38 36 inch Black Poie de Soies and Messalines at 88c, \$1, \$1.25 to \$1.50.

27 inch Black and White Habatai Silks at 50c and 75c.

Many fancy weaves in plain and fancy colorings, in all and part silk fabrics

Tailored Suits, Jackets, Skirts and Waists

SUITS

Have never been so handsome and so stylishly rich as this season. Our sources of supply, the best factories of our land for style, make and fit, have this season outdone all former efforts. We have especially looked out for the fitting of forms who "always have had trouble to be fitted in a Ready-to-Wear Garment." We show a great variety of styles and sizes, as also colors and fabrics. Prices from \$10.00 to \$30.

JACKETS AND COATS

There is no preference for any one style. Covert easily holds its last season's popularity with the fancy cloth and black. The semi-fitting, the tight fitting, the pony and box, both long and short, are all used and now in our stock. It is for you to determine which you look best in.

The Silk Marchioness and Separate Eton will be in stock about March 20.

SKIRTS

A bewildering variety of styles, in plain colorings and Panamas, Serges, Voiles, Cloths, Mohairs and fancy suiting effects in great assortment. You get better fit, more style and less to pay than if you have good dress-maker make it. Price \$2.90 to \$12.00.

Every Between Price.

WAISTS

Silks and Net waists over silks, exquisite in trimming and design. White Lingerie and Tailored waists, fully thirty styles and designs by the best waist makers in the land. The assortment is greater now than possibly at any time later

MUSLIN UNDERWEAR & LINGERIE

Have you priced Bleached Muslin and Cambrics lately? Before you determine to make up for your needs look over our beautiful line. Contrasting last fall, make a few calculations of the cost of materials at present prices, see the fairness of cut, the quality of materials, the beauty of style &c. and you'll find that the making doesn't cost anything.

Wash Fabrics are here—but more at another time.

LACES AND EMBROIDERIES

The fame and reputation of this store, on these lines, has been earned through the elegant stock and assortment always carried, and at no time has it been our pleasure to show a more beautiful than this season. It embraces in embroideries, the kind of work that is usually found only in the best city stores, and at much less than their prices. In Laces, all the wanted kinds and widths having been fore and I for you, there will not be the scarcity here, for a time at least, that there is likely to be much complaint of elsewhere.

Each, Italian and German Valenciennes, Duchess Edges and Insertings, Bebe Irish Edges and Bands and Motifs Oriental Bands, Edges, Flounces, &c. Cluny Edges and Bands Every wanted kind of lace in stock. All-overs of every character.

TO THE MAIL SHOPPER

Write to us. We'll gladly furnish samples of almost anything that can be sampled, only give us an intelligible idea of what you want. Make price and quality comparisons, we will let it "up to you."
